Château Figeac 2015

From the very first sip you see why certain wines just have a hold on the imagination. This has the full intensity of St-Émilion with none of the need to shout about it or push its point home. It's just effortlessly intense and confident, with flavours of liquorice, pencil shavings, damson and cassis. It has wonderful freshness and balance, and full grip from firm tannins. Complex and persistent, this is an absolute joy to taste. 100% new oak.
