### **2016 Podere le Ripi • Rosso di Montalcino Sogni e Follia**

Similar to the Brunello Amore e Magia, the more accessible Podere le Ripi 2016 Rosso di Montalcino Sogni e Follia shows a beautiful dark ruby color with purple highlights. The bouquet is also very direct and raw, and even a touch carbonic in character.

This adds to the wine's overall intensity and brightness. Red cherry, raspberry and bitter almond rise with strength and determination. Fruit for this wine comes from a six-hectare property on the west side of Montalcino, in the Camigliano or Pian delle Vigne area, with sandy limestone soils and some alluvial elements. This Rosso is aged in large oak casks and then goes into cement for a few months for final integration. Some 25,000 bottles were made. The wine was bottled in September 2018 and hit

the market in January 2020.
